

New Grains Northwest Baby Trial Survey: Emergence

Instructions:

- Complete approximately 1 week after emergence is first observed in the trial.
- Return completed survey (word document or photo of complete survey) to your baby trial coordinator (person who dropped off seed for your trial).
- Before beginning, please walk/drive the length of each plot to observe the consistency and strength of seedling emergence. If you take photos of the varieties, please share them with us so we can follow along with the progress of your varieties.

1) Have you walked/driven the length of each plot before beginning this survey?

Please select one option below

- **Yes**, I have walked/driven the length of each plot before beginning this survey.
- **No**, I have **not** walked/driven the length of the plot before beginning this survey.

2) Planting and observation dates

2a. What date did you plant your trial?

Planting date: __ \ __ \ 2022

2b. What date did you walk/drive the plots for this survey?

Observation date: __ \ __ \ 2022

3) Emergence Score

a. **Complete the following table with the variety names in your trial.**

Please leave extra rows blank.

b. **Please evaluate the emergence for each plot in the table below.**

Variety Name *	1 (Variety emerged very poorly)	2	3 (Variety emerged neither poorly nor well)	4	5 (Variety emerged very well)
	▼				▼
	○	○	○	○	○
	○	○	○	○	○
	○	○	○	○	○
	○	○	○	○	○

**If you have three plots planted, please leave the last row blank and do not assign a score to this row.*

4) Field photos (optional)

If you take any photos of the field at this time, please send them via email to your baby trial coordinator. Any details included with the photos, such as the varieties pictured, are appreciated.

End of Survey – Thank you for your time!

Please return to your baby trial coordinator,
either as a completed word document or as a photo of the completed survey.
